

PROJECT PROCESS

01

Initial consult

- Site visit
- Review your needs/wishes
- Review your budget
- Measure site
- Discuss JC Process

02

Ballpark proposal

- JC provides ballpark estimate
- With approval and design fee, client begins design homework

03

Design phase

- JC produces preliminary designs/recommendations
- Client reviews/approves design selections
- Final design meeting at site with trades

04

Final approvals

- Design, scope of work, and budget are finalized
- Contract agreement approved by client

05

Construction phase

- Pre-construction meeting with crew
- Handoff to lead carpenter
- Construction begins

06

Construction completed

- Project turned over to client
- Punch list created
- Final invoicing
- Experience review
- One-year JC warranty
